## THE WAR IN EUROPE

Proving a Big Boom in Postal Savings in This Country.

## INCREASED BY LEAPS AND BOUNDS

(Advertisement)

The war in Europe is proving a big boom to postal savings in this country. From the very day hostilities opened across the seas postal-savings receipts began to increase by leaps and bounds and withdrawals fell off, a result quite contrary to the predictions of many well-informed persons who, in their imagination, saw lines of feverish depositors at post-office pay windows anxious to again return their savings to the boot-leg and body-belt depositories whence they came before intrusted to Uncle Sam. But the forecasters failed to reckon on the absolute confidence of the American citizen, regardless of the flag that first met his eyes, in the ability and purpose of the Government to carry out its obligations, not only among the nations of the earth, but with the humblest citizens of our land.

Two important results have followed; thousands of people, largely of foreign birth, accustomed to send their savings abroad, are now patrons of our postal-savings system; and enormous sums of actual cash have been released for commercial uses among our own people at a time when the need for every available dollar is press.

The growth of postal savings in the United States has been steady and healthy and the system has filled an important gap between the tin-can depository and the factory paymaster. On July 1, when affairs were running smoothly here and abroad and the transmission of money across the Atlantic was safe and expeditious, there was approximately \$48,000,000 of postal savings standing to the credit of about 389,000 depositors. Since then over \$10,000,000 of deposits have been added and the number of depositors has increased enormously. This unprecedented gain is the more striking when it is considered that the net gain in the last three months is larger than the gain for the entire fiscal year 1914. Scores of offices have done more postal savings business since the war has been going on than was done by them during the previous existence of the service. The increases are confined to no special localities but have been felt in every nook and corner of the country. New York City alone made a gain in September of more than a million, while Brooklyn showed a relatively big increase. Chicago reported a larger gain in the past three months than for the previous twelve months. More than 7,000 new accounts were opened during the period, bringing the number of depositors in that city up to over 21,000.

The unexpected increase in postal savings business has not only added greatly to the general administrative duties of the system, but has brought up many new and interesting problems which have called for the careful personal consideration of Postmaster General Burleson and Governor Dockery, Third Assistant Postmaster General. But their task has been lightened somewhat by the promptness of depository banks in furnishing additional security to meet the abnormal deposits. A number of the very latest banks in the country, which have heretofore declined to qualify as depositories for postal-savings funds, are now among the eager applicants for them.

The Earlington Post Office has several Postal-Savings accounts and this department is gradually growing in popularity. One dollar will start a savings account.

### SEE IF THE CHILD'S TONGUE IS COATED

If cross, feverish, constipated, give "California Syrup of Figs"

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once.

When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, bad breath; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

You needn't coax sick children to take this harmless "fruit laxative;" they love its delicious taste, and it always makes them feel splendid.

Ask your druggist for a 50c bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. To be sure you get the genuine, ask to see that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

### FOUNDER OF U. D. C. DEAD

Mrs. M. C. Goodlett, founder of the United Daughters of the Confederacy, and noted charitable worker of the South, died recently after an illness extending over several months. She was eighty-one years old and was born in Kentucky. The U. D. C. was founded by her in 1894, and through her it reached the high standard attained. Mrs. Goodlett was also a member of the National Humane Society and National and International Boards of Charities and Corrections. She was largely instrumental also in bettering the conditions of destitute Confederate soldiers.

### The Buzzard Speaks to The War Aeroplane

Circle and circle and circle and swing,  
Great white brother with great white wing!  
Circle for circle my own wings black  
Follow your spiralling, airy track!  
Over the city I watch you stoop,  
Where shivering man things budde and cling  
Like frightened chicks at the gray hawk's swoop.  
Quick! From your steely talons fling  
The scattering death in the crowded coop,  
For my crew is empty and hungrily  
Circle and circle and circle and swing,  
Great white brother with great white wings!

Circle and circle and circle and swing,  
Man hatched brother with tireless wing!  
Circle for circle with wings outspread,  
I follow, hovering overhead  
You are the pilot bird to me  
Guiding to richer gorging mill.  
I circle and wait here hungrily  
And what my beak as I wait your kill:  
I wait till the red feast lies for me  
To settle and perch and gulp my fill.  
Circle and circle and circle and swing,  
Giver of food and guide to the feast;  
You are a god, and I your priest,  
Man hatched brother with tireless wing.

Portland Oregonian.

### "The Possum Hunters."

When adult illiteracy is wiped out in Kentucky; when good roads and good schools become the rule and not the exception; when a modern system of taxation supplants the present system there will be less lawlessness than there now is in the backwoods counties of Kentucky.

There is something altogether wrong with the quality of civilization where such outrages as the "Possum Hunters" are perpetrating can occur, and where such an organization can exist. Illiteracy without real education; roads which make travel a hardship; a lack of development which keeps the country home in a state of insolation as well as keeps the farmer poor, foster lawlessness.

The outlook is much better in the section of the mountains pierced by railroads, and experiencing the benefits of the beginning of the development of their timber and mineral resources, than it is in some of the southern counties. The work of the Illiteracy Commission, in behalf of which the Woman's Forward Movement is conducting a campaign, will be valuable in bringing enlightenment to the least enlightened citizen of the least developed counties. It will create a wider appreciation of the benefits of material development and of law and order. Such organizations as the "Possum Hunters" center attention upon the need of social welfare work in the sections they infest. The law, of course, should handle outlaws, but the law is administered everywhere through the influence of public opinion. The courts are not clothed with autocratic power. Juries are representative. Judge and prosecutors hold their offices at the pleasure of the people, and consider local opinion in the discharge of the duties of office as well as in the campaign for votes.

It is easy to say that outlaws should put down. But the community in which government by outlaws is possible must be lifted up. The trans-continental railroads, the mines, the ranches, rather than "game" Sheriffs and fearless courts subdued the bad man and shelved the six-shooter in the West. A lack of development means a lack of respect for law, and a lack of appreciation of the material benefits of orderliness.—Courier Journal.

## FISH AND GAME COMMISSION ISSUES A WARNING TO HUNTERS

The Game and Fish Commission is sending a Special Warden into this county with instructions to enforce the game laws. Commission hopes this Warden will not have to make arrests, but he and his local deputies will actively cover the county from this date to the end of season, and violators will be punished.

### Many Women Fighting In The Russian Army

"The number of women coming back wounded from the Russian front proves that the contingent of adventurous females on the fighting lines is considerable. These women, as a general rule, cut their hair, assume a soldier's uniform and get away secretly with the connivance of friends among the soldiers. Others start alone on vari-

ous pretexts, such as seeking injured relatives and then don male attire when they reach the front.

"A Cossack girl trooper, Helen Choba, by name, went with the full knowledge and permission of the authorities, having long been distinguished as a horse-woman, swordswoman and markswoman.

"Col. Thomilobskaya's daughter, who, in mail uniform on the Augustowo front, distinguished herself as a scout leader, has been wounded three times."

## UNITED STATES MARINE BAND

Will be in Hopkinsville Nov. 16th.

The Famous United States Marine Band, which will visit Hopkinsville on Monday Nov. 16th, is 113 years old. Today the greatest military musical organization in the western hemisphere and the peer of the European bands, it was at first a drum and fife corps.

When the Marine Corps was established under an act of Congress approved by President John Adams in 1798, the law provided for a drum and fife corps, sixteen drummers and sixteen fifers. For a long time there was no regularly recognized leader. First one member and then another would act as fife major, but the American desire for progress became manifest in this connection, and musicians were imported from abroad to supplement the severely martial style of instruments to which the band had been limited.

Italy provided a group of musicians, who soon succeeded in placing the band on something of an artistic footing. Since that day its prestige has steadily increased until it is now one of the largest and most splendidly equipped Governmental organizations for musical performance the world has ever known.

### SICK, SOUR STOMACH, INDIGESTION OR GAS

"Pape's Diapiesin" makes upset stomachs feel fine in few minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt, if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapiesin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women to day know that it is needless to have a bad stomach. A little Diapiesin occasionally keeps this delicate organ resulted and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapiesin which costs only 50c for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

### STATE FORESTER TO OPEN

#### ANOTHER TREE NURSERY

Frankfort, Ky. Nov. 3—The second tree nursery will be opened by State Forester J. E. Barton, here this fall, and hickory, walnut and several varieties of oak trees will be planted. The nursery at the first will have a capacity of about 100,000 trees.

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Riches the Blood and Builds up the Whole System. 25 cents.

## OUTRAGES IN BUTLER COUNTY

Six People Including Two Women, Reported Whipped.

### NEWLY MADE GRAVE IS SOURCE OF SPECULATION

Bowling Green, Ky., Nov. 9.—Late reports from Butler county show increased outrages by the Possum Hunters. Definite information from the scene of the night raids is practically impossible to obtain, as the people seem intimidated and will not discuss the outrages. One of the men accused of the alleged shooting and killing of two men of the Possum Hunters, was in this city again Saturday, but would not talk upon the subject other than to deny his participation in the shooting.

It is reported that in all six people two women and four men, have been whipped by the self-constituted regulators. One is said to have been a half-witted man and another a prominent citizen who had been engaged in a law suit.

Another story is told of a certain man who made his threats as to what he would do if the Possum Hunters came to his house, saying that he had a repeating shotgun and sixteen would be hurt before they got him. That same night the Possum Hunters went to his house and administered a severe whipping to the man. He failed to use his gun.

Just now the center of interest is directed to the newly made grave of which no record has been made. No one seems to know who is buried in it, or when the burial took place.

Between twenty and thirty persons have been notified that they would be visited by the Possum Hunters.

### STOPS HEADACHE OR NEURALGIA AT ONCE

Don't Suffer! Get a 10 cent package of Dr. James' Headache Powders

You can clear your head and relieve a dull, splitting or violent throbbing headache in a moment with a Dr. James' Headache Powder. This old-time headache relief acts almost magically. Send some one to the drug store now for a dime package and a few moments after you take a powder you will wonder what became of the headache, neuralgia and pain. Stop suffering—it's needless. Be sure you get what you ask for.

## Is he responsible?

### THAT question

is asked in Earlington a thousand times a day.

How would they answer it if it were asked about you?

One good test of responsibility is whether you have saved anything, and the best proof of that is a savings account.

Its more than money, more than independence,—it is the evidence that you have the right idea.

It shows that you are responsible.

This Bank is willing to help responsible young men; and it does.

## Do You Trust your Watch

¶ You've seen people look at their watch and then ask some one else the time of day.

¶ He can't trust his watch.

¶ If yours is that kind, you'd better throw it away.

¶ If you're going to buy a new watch, be sure that you get a trustworthy watch; one that can swear by; one that you can catch the train by, or keep an engagement by.

¶ We sell trustworthy watches and guarantee them.

### LOG CABIN

Proposed For Kentucky  
Building at San  
Francisco

The Kentucky Society of California, which is operating actively with the Panama-Pacific Exposition Commission of Kentucky in raising funds for a Kentucky building and exhibit at the Exposition, has recommended to the Kentucky Commission that in keeping with the historical traditions of the Commonwealth of Kentucky building be of the log cabin type.

Henry M. Owens, of San Francisco, chairman of the Executive Committee of the Kentucky Society, reporting of this matter to the Kentucky Society, said among other things:

"The historic architecture of Kentucky was the log house—a house, when properly constructed, attractive to the eye. Let us build the good old-fashioned double-pen log house two stories high, with the negro cabin and the smokehouse. Let us equip it with the hickory wishes for hanging meat on. Let us also

build the log barn and fill it with ancient farm implements, the ox yoke, the ox cart, the chickens, the hemp, the flax, the tobacco, the old spinning wheel and the reel, the loom and the old negro woman making the rag carpet.

"Let us build between the two pens the double chimneys as of old, the swinging crane and have the arch high. Let us have the wide fire-place, the broad hearth, the old Dutch oven and the long-legged pots. Let us do cooking in one room as our grand and great-grandmothers did for our forefathers."

## THE CHARM OF MOTHERHOOD

Enhanced By Perfect Physical Health.

The experience of Motherhood is a trying one to most women and marks distinctly an epoch in their lives. Not one woman in a hundred is prepared or understands how to properly care for herself. Of course nearly every woman nowadays has medical treatment at such times, but many approach the experience with an organism unfitted for the trial of strength, and when it is over her system has received a shock from which it is hard to recover. Following right upon this comes the nervous strain of caring for the child, and a distinct change in the mother results.

There is nothing more charming than a happy and healthy mother of children, and indeed child-birth under the right conditions need be no hazard to health or beauty. The unexplainable thing is that, with all the evidence of shattered nerves and broken health resulting from an unprepared condition, and with ample time in which to prepare, women will persist in going blindly to the trial.

Every woman at this time should rely upon Lydia E. Pinkham's Vegetable Compound, a most valuable tonic and invigorator of the female organism.

In many homes once childless there are now children because of the fact that Lydia E. Pinkham's Vegetable Compound makes women normal, healthy and strong.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

#### STEADFAST CONFIDENCE

The Following Statement Should Form Conclusive Proof of Merit to Every Earlington Reader

Could stronger proof of the merit of any remedy be desired than the statements of grateful endorers who say their confidence has been undiminished by lapse of time? These are the kind of statements that are appearing constantly in your local papers for Doan's Kidney Pills. They are twice-told and confirmed with new enthusiasm. Can any reader doubt the following. It's from an Earlington resident:

Mrs. Henry Clay Smith, Earlington, Ky., says: "You may use my statement as heretofore recommending Doan's Kidney Pills. Whenever we have occasion to use them in our family, the results are fine."

### FEW FOLKS HAVE GRAY HAIR NOW

Druggist Says Ladies Are Using Recipe of Sage Tea and Sulphur.

Hair that loses its color and lustre, or when it fades, turns gray, dull and lifeless, is caused by a lack of sulphur in the hair. Our grandmother made up a mixture of Sage Tea and Sulphur to keep her locks dark and beautiful, and thousands of women and men who value that even color, that beautiful dark shade of hair which is so attractive, use only this old-time recipe.

Nowadays we get this famous mixture by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound" which

darkens the hair so naturally, so evenly, that nobody can possibly tell it has been applied. Besides, it takes off dandruff, stops scalp itching and falling hair. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time. By morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also brings back the gloss and lustre and gives it an appearance of abundance.—Advertisement.

#### ON A COLD TRAIL

A citizen of Texas arrived in Hop-

kinsville the other day on a search for buried treasure. It seems that he dreamed a dream to the effect that he found several bags of chink or something of the kind in a wood-box and subsequently saw a fortune teller who assured him the dream would come true. He has a hunch that the treasure will be found at Earlington. We are inclined to believe he is still dreaming and that when he wakes up he will be going home with a pocket full of blue mud and bemoaning the loss of his faithful rabbit's foot.—Frankfort State Journal.
